LECTURE COURSE ARRANGED.

Five Numbers, Two Concerts and Three Lectures, have been Booked for the Season of 1901-02.

FINEST TALENT EVER BROUGHT TO TOWN.

The Smith Sisters, Rogers-Grilley Combination, John Temple Graves, Dr. J. B. DeMott and Hon. Champ Clark will be heard in Reynoldsville—Notes of Interest Regarding the Course.

The management of the public schools has completed arrangements for a lecture course for this season, which will surpass in quality anything that the town has ever enjoyed in this line before. The course is to consist of five numbers and the course ticket will be sold for \$1.00 to adults and 50c. to school pupils, the same as in former seasons.

The course ticket admits the holder to all entertainments of the course, but does not include a reserved seat.

The course will be opened on Nov. 21st by the famous Ariel Sextette, popularly known as the "Smith Sisters." For the past nine seasons they have traveled the entire breadth of the Union, charming vast throngs with their delightful songs and stories, having appeared in seventeen hundred different towns and cities. They have established a national reputation as entertainers, such as

The Smith Sisters.

was seldom, if ever, known in the annals of the Lyceum. They receive universal praise from musical critics north, south, east and west, and it is safe to predict will charm and delight the people of Reynoldsville.

The second number on the course will be given on Dec. 12, by the well known Rogers-Grilley combination. No adequate description can be given of the beauties embodied in the artistic rendition of gems of literature when interpreted with the accompaniment of the harp. Mr. Rogers is the world's most famous harpist. He never fails to stir the souls of his audience. Mr. Grilley invariably draws forth rounds of applause and roars of laughter.

The third number will be a lecture on character building by the renowned Dr. J. B. DeMott, of Philadelphia. The Lyceum platform knows no more profound scholar than Prof. DeMott. While he is profound yet his philosophy is so simple

Dr. J. B. DeMott.

as to be understood by a child. Dr. DeMott is doubtless the best known and most admired lyceum lecturer in Pennsylvania. Many requests have come to the principal of the schools from time to time to secure DeMott for a lecture. We have never been able to secure him before owing to the fact that his time is so eagerly sought after.

The fourth number of the course will be given by that prince of orators, John Temple Graves. It is needless to say much of the abilities of John Temple Graves as an orator. Let it suffice to say that he is a perfect cyclone of oratory and that his wit and humor are unsurpassable. Grover Cleveland says of Graves that "he is the most brilliant and statesmanlike orator heard in New York in years."

The fifth and last number will be given on Feb. 7 by the Hon. Champ Clark, of Missouri. Champ Clark is one of the most eloquent men that the nation has ever had in the halls of Congress. When it is known that he is to address Congress every representative is in his seat and the galleries are crowded. Champ Clark is pronounced by many high critics to be the greatest orator of his day. On July 4, 1893, he made a 30 minutes speech in New York to a vast audience and next morning, like Lord Byron, he awoke to find himself famous. His speech on the Cuban question delivered in Congress was copied in more languages than even a well educated man knows. It was copied in 22 papers in France alone.

The enlarged seating capacity of the assembly hall and the elevation of seats will guarantee everybody a good seat and a good chance to see and hear all that there is to see and hear.

In a few days a systematic canvass of the town will be made and it is to be hoped that the public will respond promptly and cheerfully to guarantee the financial success of the course.

Tot Causes Night Alarm.

"One night my brother's baby was taken with croup," writes Mrs. J. C. Sailer, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from croup and whooping cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infalible for coughs, colds, throat and lung troubles. 50c. and \$1.00. Trial bottles free at H. Alex Stoke's drug store.

Brain-Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at H. Alex Stoke's Drug Store. Get Green's Special Almanac.

He Pulled a Razor

And started the old practice of slicing off his corn because he could stand the pain no longer. Result—three months in bed from blood poisoning. Had he used Clydesdale Ointment, he could have cured his corn in a few days, and relieved himself of the pain in five minutes. Do not neglect your feet, as you need them in your business.
